

Drama 292 F24 Sound Assignment #1

Small System Setup

Students will work as a team to setup a small operational sound system in the classroom that will be able to provide the following:

- i) SM 58 dynamic microphone on a stand in the 'presenter's' location.
- ii) (1) Analogue Mixer must be set up in the 'Front of House' Position.
- ii) Two 'Mains' Speakers on speaker stands along the "proscenium line". These loudspeakers will be powered loudspeakers.
- iii) Music playback cabling at the 'Front of House' mixer position (cabling down to 1/8" TRS).

Students will complete a self-evaluation of their work, by completing the attached self-evaluation form using following criteria:

Objective	Description of Objective	Percentage
1. Application	Initiative to be involved.	30%
2. Understanding	Recall of prerequisite knowledge base (from Drama 291) and/of the ability to quickly obtain information independently (no instructor assistance).	30%
3. Synthesis	Ability to take recently instructed skills to operate an analogue mixer.	10%
4. Tidiness	Attention to organization of install.	30%

This in-class, practical assignment is worth 5% of your overall grade in Drama 292. Attendance for this class is mandatory.

Due: Participation of in-class work. Self-Evaluation due September 5th, 2024. 9am.

**Drama 292 Assignment #1 - Small System Setup
Self Evaluation**

Student Name: _____

1. Application

Did you show initiative to be involved in the setup with your group? Or were you passive? Did you help others in your group with kind words, encouragement, direction?

Grade: _____ / 30%

Comments:

2. Understanding

Were you able to draw upon your prerequisite knowledge from Drama 291? Was that knowledge memorized or accessible via your own paper/digital archive of the class materials? Were you able to quickly research knowledge or information from online sources to help confirm or enlighten your work?

Grade: _____ / 30%

Comments:

3. Synthesis

Were you able to deploy newly gained knowledge (either from a peer, or online research) during the setup?

Grade: _____ / 30%

Comments:

4. Tidiness

Was there attention to your work that kept systems (devices) and cabling in a clean and safe organization for both workers and potential performers? Did this cleanliness aid in any potential troubleshooting that might have occurred?

Grade: _____ / 10%

Comments:

Your self-evaluated grade: _____ / 100%

Please fill out this self evaluation form using mark-up software and submit as a .pdf under this assignment in E-Class.
